Work Experience

UI/UX Designer - Remote Bucuresti

EXE Software

• Nov 2025 - Present

UI/UX Designer - Remote Ploiesti

Canary Technology Innovations

Mar 2024 - May 2026

- Designed end-to-end UI/UX solutions for products across AI, Construction, Transportation, and AI/VR, translating complex technical requirements into intuitive user experiences.
- Built a scalable Figma design system that reduced visual inconsistencies and accelerated handoff to the development team.
- Led client discovery sessions to capture requirements early, limiting costly revisions later in the process.
- Operated autonomously in an Agile environment, estimating effort accurately and keeping projects on time.

UX/UI Designer - Remote Cluj Napoca

Computacenter Romania Solutions

Jul 2023 - Nov 2025

- Led end-to-end UX/UI design for a global Warehouse Management System, simplifying workflows for logistics teams.
- Developed a scalable Figma design system that unified visual style and speed up development across multiple modules.
- Presented interactive prototypes to stakeholders, securing team alignment and project approval.
- Partnered closely with developers to reduce technical ambiguity and minimize rework.

UI/UX Designer - Remote Oradea

Liftup Solutions

Apr 2022 - Jul 2023

- Delivered end-to-end UI/UX for a healthcare mobile app, an educational AR mobile app, and a POS system for food delivery and kitchen display.
- Built a scalable Figma design system using the Tokens plugin, ensuring visual consistency and faster developer handoff.
- Translated Product Owner requirements into clear, actionable design flows, bridging communication with the technical team.
- Maintained direct client relationships and self-prioritized deliverables within an Agile environment.

UI/UX Designer - Remote Oradea

Oradea Tech Hub

Oct 2020 - Apr 2021

- Developed wireframes and prototypes for innovative tech startups, enhancing user experience and interface design;
- Collaborated with a team of designers to meet tight deadlines, optimizing workflow and team efficiency.

Graphic Designer - On-Site Oradea

Paymo

Nov 2019 - May 2020

- Created graphic assets for Paymo's blog and marketing content, contributing to stronger visual brand presence.
- Gained hands-on experience with Affinity Designer and Adobe Photoshop on digital design projects.

Education

University Of Oradea

Bachelor Of Engineering

Sep 2018 - Jul 2022

- Completed a Bachelor's in Information Technology, strengthening analytical thinking and technical foundation.
